

Distance Learning Camera Policy

Dear Parents,

It is mandatory for students by Sharjah Private Education Authority(SPEA) to turn on their cameras during distance learning sessions.

Grades KG to 6 - it is mandatory for all boys and girls to turn on their camera.

Grades 7 to 12 it is mandatory for boys & girls to turn on their camera, however Grades 7 to 12 girls who are taught by male teachers can request to be exempt from turning on their cameras. An official letter to the teacher or school needs to be issued for such an excuse, to avoid confusion between students and teachers.

If you fall under the exception please send an official letter stating the reason to the teacher or to info@beaconhouse-azr.ac.ae

We appreciate your cooperation.

Thank you
